Employment Opportunities

Current opening: Kitchen Staff

At ENCORE...a catering service we love catering but that is not all we do. We also have contracts to provide regular meals for senior services and school lunch programs. This daily work keeps us busy every weekday, mostly beginning at 6:00 or 7:00 a.m. and finishing up between 2:00 and 4:00 p.m.

The catering events bring variety to our kitchen. A catered event can be as simple as a simple boxed lunch delivery for 20 people or as exciting as a wedding reception with full service for 300 guests. The kitchen really begins to buzz with excitement when we are working to prepare for someone's important life event.

If you think you would like to join our team and spend your time in our kitchen preparing foods for others to enjoy, please send us an email – orders@encore-nn.com. Tell us what it is about working for a caterer that appeals to you and tell us what experience and qualifications you can bring to the job. We will contact you about scheduling an interview.

Future openings: Restaurant Staff

We hope to open a lunch restaurant and catering venue later this year. We will advertise when we are ready to take applications.

Always openings: On Call Catering Staff

We keep a listing of experienced individuals who like for us to call them to work an occasional catered event.
